DESTINED PLACES

Zero touching - it's **100% protection** against the spread of the virus on our hands.

Protect your health in the store, apartment block, hospital, gas station, railway stations and airports with the help of contactless hand sanitizer dispensers.

ABOUT COMPANY

SOLIX is a polish company providing universal Digital Signage solutions offering project, sales, installation and service of devices.

The company is responsible for many projects in Poland and on the international market, equipping clients such as **IKEA, HUAWEI, Media Markt, PZU, BRW, Żabka** or **Thai Wok** with audiovisual equipment.

Most of our Digital Signage projects are supported by our authorial Central Stacks system.

SOLIX is the winner of the 1st place in the Forbes and Bisnode ranking in Świętokrzyskie voivodeship among the most dynamically developing companies in Poland.

We invite you to cooperation!
